- Fine Blanking Feeding System

Press Feeding Systems

Standard Features

- Hydraulic Drum
- Coil Loading Car
- Chain Drive and Motor with Magnetic Brake
- Pneumatic Disk Brake
- Helical Bevel Geared, Low Backlash Decoiler Gearbox
- Hydraulic Hold Down / Up Arms
- Motorized Driven Hold Down Arm
- Photoelectric Proximity Sensor
- Hydraulic System Bending Arm
- Hydraulic System Die Piloting
- From Inlet Side ~200mm Crocodile Openable Straightener Rolls Group
- 21NiCrMo5 Quality Gears Applied for Gas Hardening Process. Grinding Operation Applied to Gear Profiles and Centers
- Hand-Wheel to Adjust Accurate Position of Sheet Inside Die
- Helical Bevel Geared, Keyless, Shrink Disk, Precision Feeder Gearbox
- 7" 65536 Color, TFT LCD Touch Panel
- Motorized Feeder Height Adjustment

Optional Features

- Servo Motor Controlled Lateral Drum Guides
- Safety Fence System
- Guillotine Shear
- Remote Support System
- External Encoder
- Die Recognizing System
