

SEYI Presses Europe GmbH

European Headquarter
Hanau am Main

SEYI at a Glance

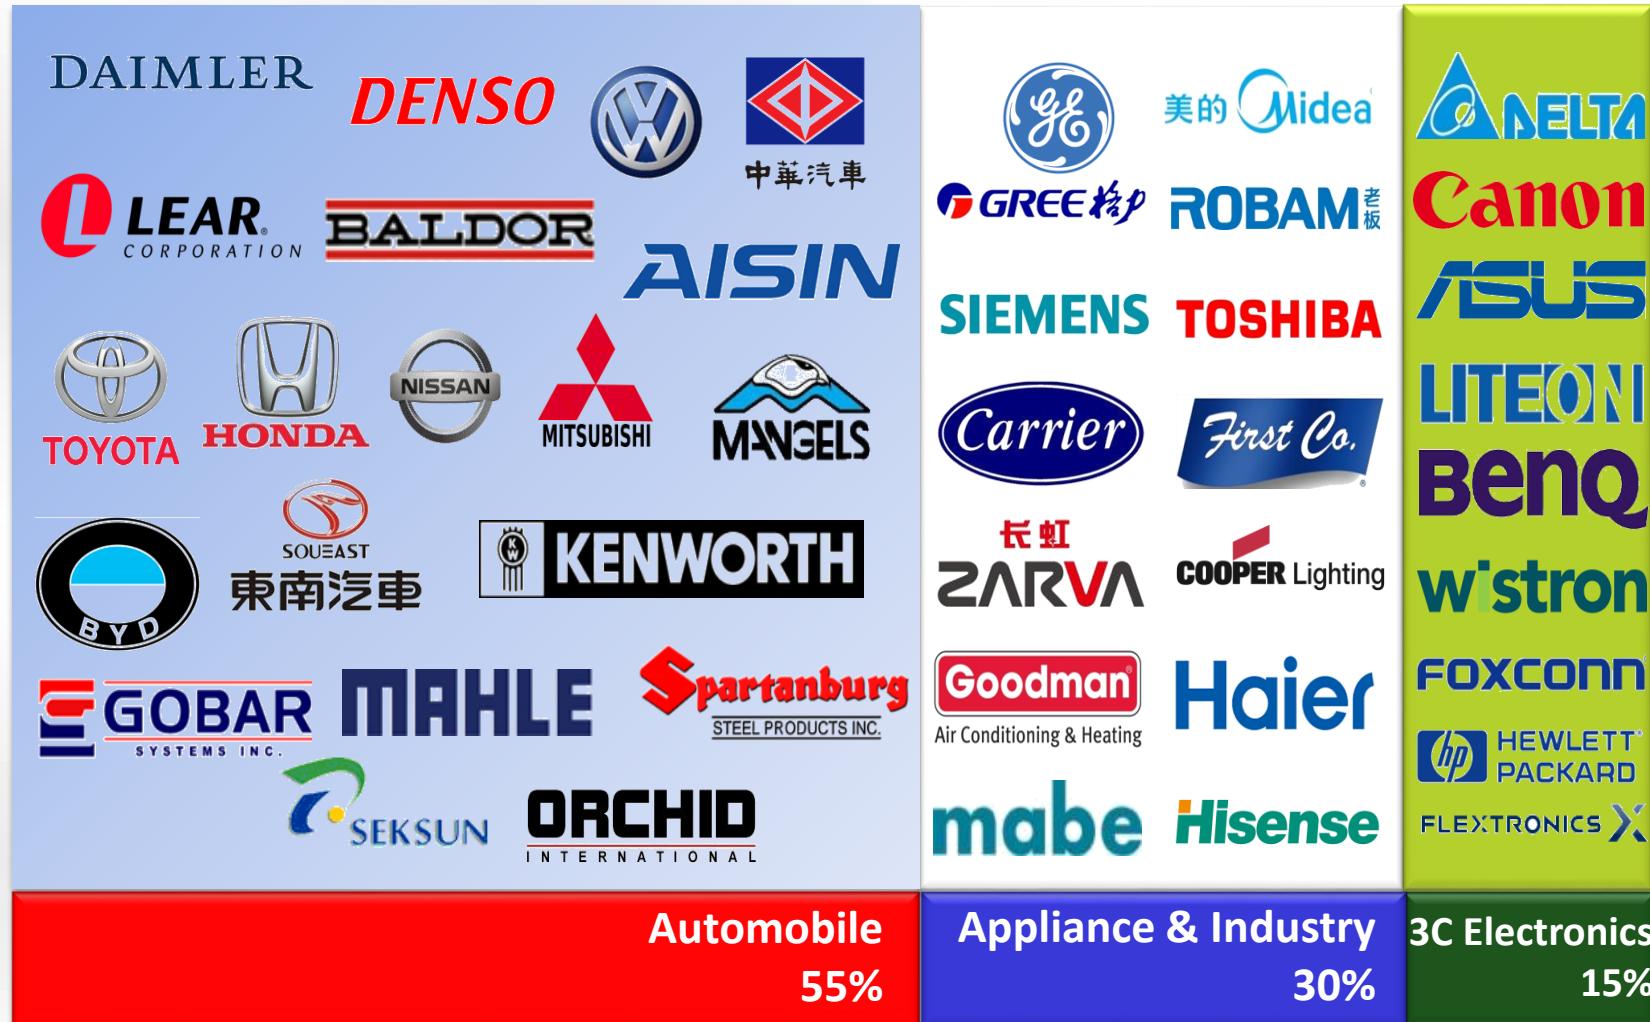

- **SEYI, the global leading manufacturer in large-middle metal-forming press industry**
 - Founded 1962 in TW
 - Listed on Taiwan stock exchange (4533 TT)
 - 2014 revenues of USD \$ 132 MM
 - Approx. 800 employees worldwide
- Types of Products: High-end presses based on Servo Technology as well as mechanical presses, total automation solution service, stamping technology and metal-forming production consulting.
- Types of Clients: Vehicle manufacturers and Tier1~3 auto parts suppliers, aerospace, rail tray, 3C products (consumer electronic, computer and communication), IT and other metal products manufacturers.

Global Network

- + Sales and service in more than 50 countries
- + More than 720 associates globally

Main Industries & Clients

Major Clients in Auto Parts Industry

 MAGNA

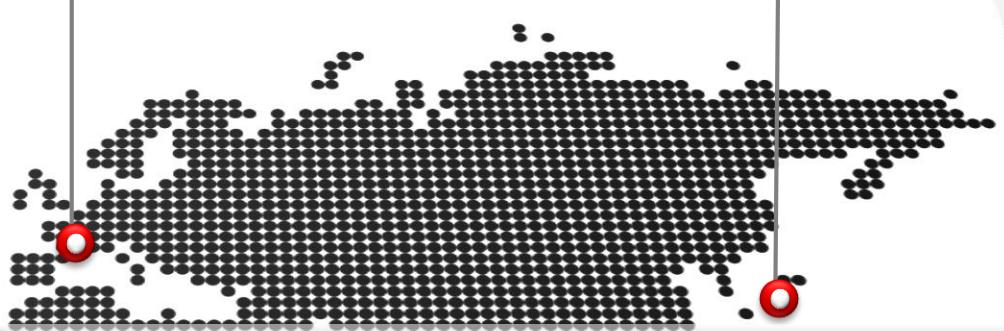

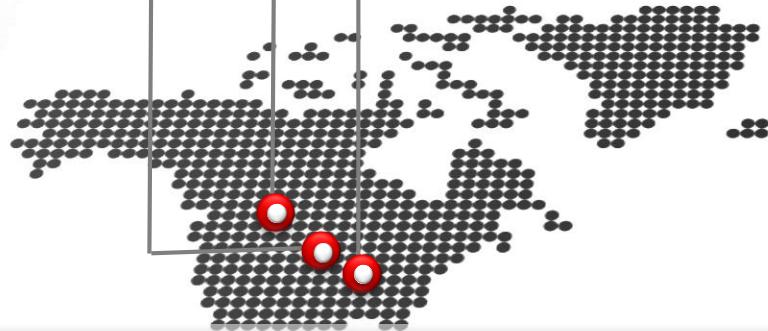

DAIMLER

Johnson
Controls

 LEAR[®]
CORPORATION

faurecia

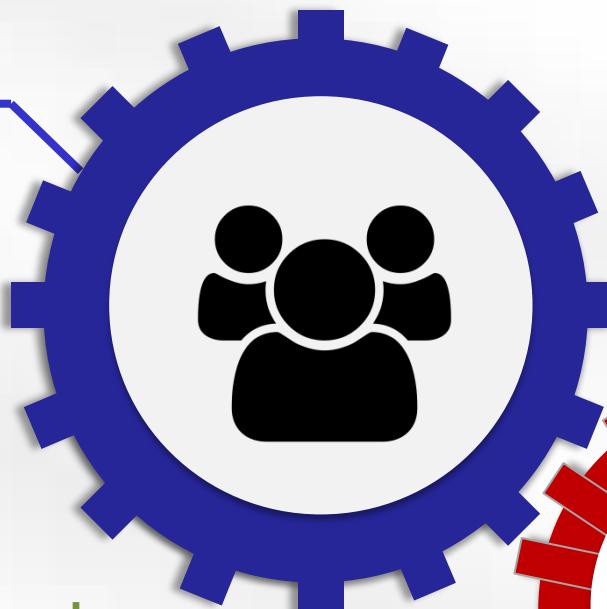

DENSO
AISIN

SEYI serviced more than
50% of Top 10 global OEM parts suppliers

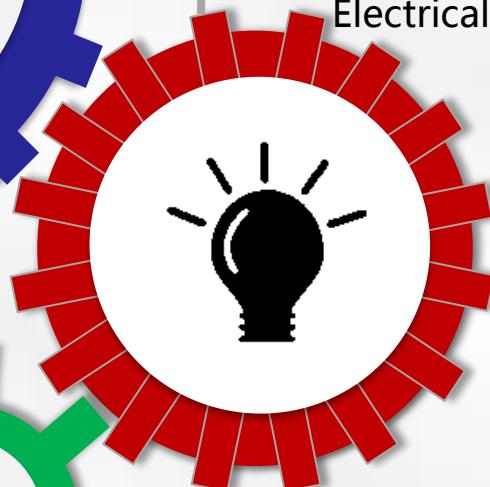

01 Talents

- Excellently professional
- Experienced capably
- Innovative
- Highly stable

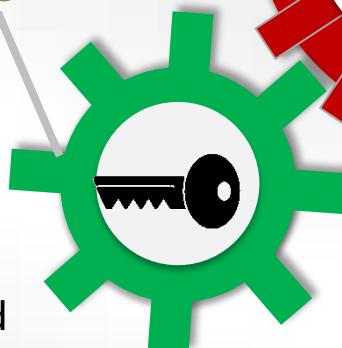

02 Design Capacity

- Mechanical Engineering and Design
- The advantage on the Electrical Control System

03 Company-owned components and technologies

- Self-developed components
- Lubrication efficiency control
- Advanced hydraulic/pneumatic technology
- Highly durable bearing technology
- Servo system, control system and software

Product Line

Straight Side 2~4 Point Mechanical Press

- **Straight Side Mechanical Press** SAG, SAG4, SLG, SLG4
- **Straight Side Eccentric Gear Mechanical Press** SE2, SE4, SEL2, SEL4

C Frame & Straight Side 1~2 Point Mechanical Press

- **C Frame Mechanical Press** SN1, SN2
- **Straight Side Mechanical Press** SNS1, SNS2, SLS1, SLS2

Servo Press

- **Straight Side Direct Drive Servo Press** SD1·SD2·SDG
- **Straight Side Eccentric Gear Direct Drive Servo Press** SDE

Special Application Press

- **Heavy Stamping Link Motion Mechanical Press** SM1
- **Progressive Stamping Link Motion Mechanical Press** SM2

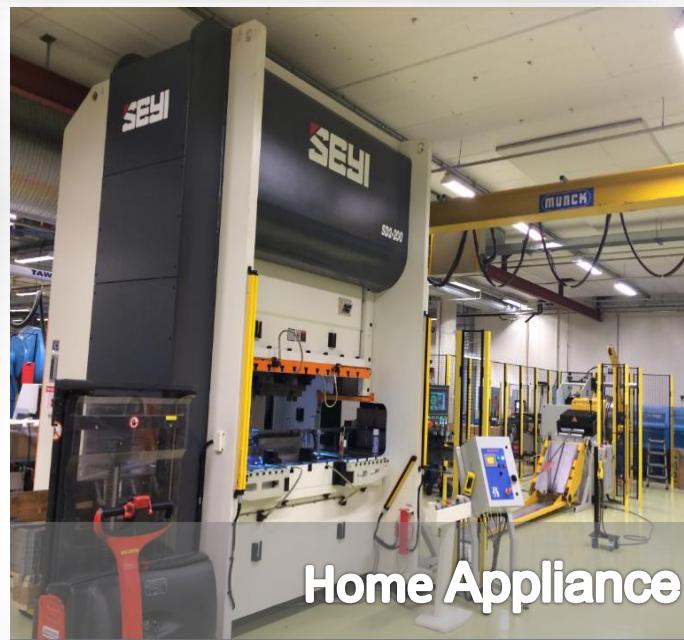

STRAIGHT SIDE DIRECT DRIVE SERVO PRESS

SD1·SD2 series

SD1-80~300·SD2-160~500

SDG·SDE series

SDG-400~1200·SDE-400~1200

STRAIGHT SIDE 2-4 POINT MECHANICAL PRESS

SAG·SAG4 series

SAG-300~1200·SAG4-400~1200

SLG·SLG4 series

SLG-300~1200·SLG4-400~1200

Quality, Technology & Efficient Solutions

Professional Technique Consultation

01 Consultation for the mechanical press equipment

- The best proposal for mechanical press equipment.
- The production proposal for the metal forming artifact.

03 Easy troubleshooting method

- The customer service number is available for easy troubleshooting phone

02 Consultation for the accessories

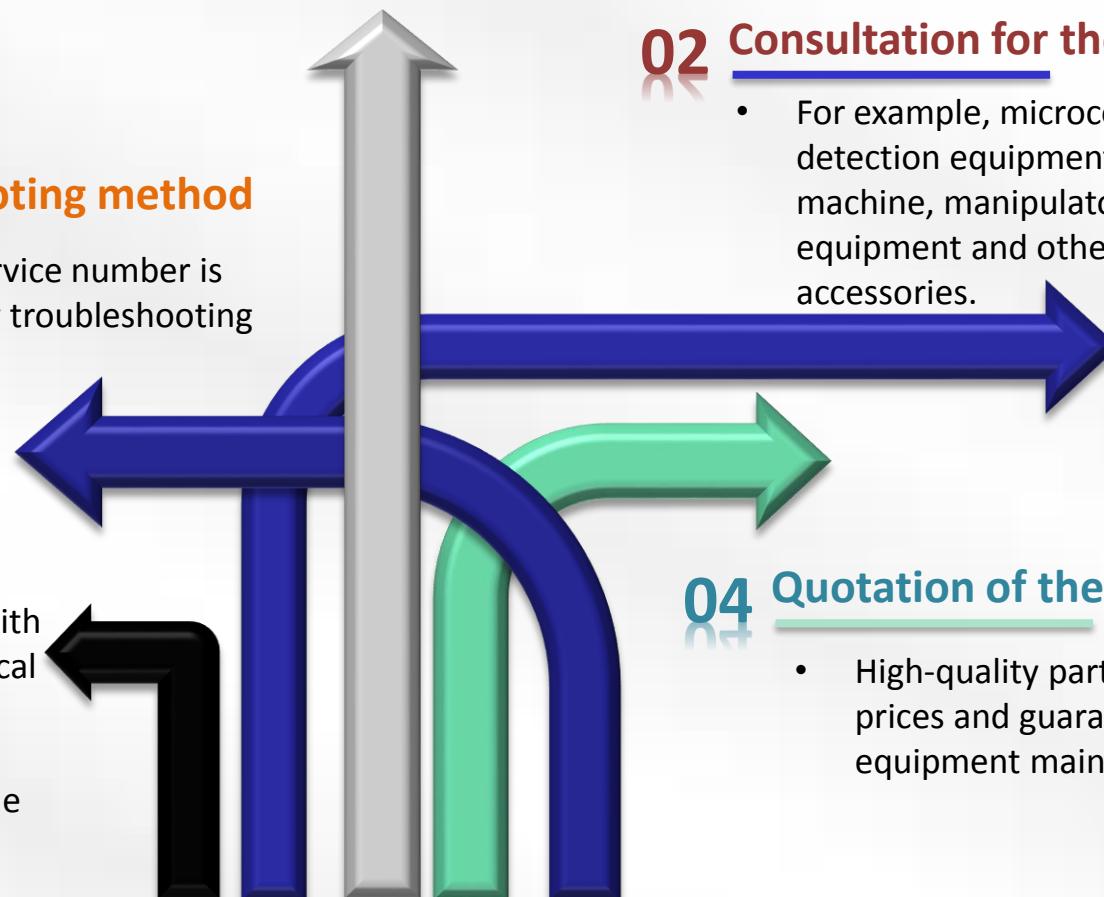

- For example, microcomputer detection equipment, feeding machine, manipulator, transfer equipment and other exclusive accessories.

05 Training courses

- We provide our customers with training courses for mechanical presses and help them to understand the operation method, daily care and simple maintenance properly.

04 Quotation of the service parts

- High-quality parts, economical prices and guaranteed equipment maintenance.

Customer benefits:

- Ensure that the equipment is well arranged.
- Activate the equipment utilization.
- Prevent the occurrence of the process accident.
- Ensure the safety of personnel.
- Promote the production efficiency.

Customer benefits:

- Understand the equipment condition
- Prevent the occurrence of the process accident.
- Plan the budget accurately.
- Save the equipment costs.
- Promote the production efficiency.

Customer benefits:

- Shorten the traffic hours.
- Remove the faults in time.
- Reduce the maintenance costs.
- Increase the maintenance efficiency.

01

Domestic maintenance and annual inspection service

SEYI in-house technicians are responsible for the customer maintenance service in Taiwan.

02

Overseas maintenance and annual inspection service

For the areas outside Taiwan and China, SEYI assigns technicians to visit these areas and provide maintenance. The inspection is conducted first; next would be quotation and the maintenance would be provided last.

03

Fault inspection for the internet remote access

SEYI in-house control technology and maintenance departments are responsible for internet inspection. Customers shall work with personnel from local agents of SEYI and support the connection equipment.

International Manufacturing Certifications

- ISO 9001 / CNS 12681
- ISO 14001 / CNS 14000
- CE Marking
- ISO 9001 / GB/T19001

Awards and Distinctions

- Taiwan Excellence Gold Award / Silver Award
- Potential Taiwan Mittelstand Award in 2014
- Chinese high-tech enterprise certification in 2013
- Taiwan Machine Tools Industry Award 2013 for Excellence in Research and Innovation
- 10TH GOLDEN TORCH AWARDS FOR THE TOP TEN PRODUCTS – Straight Side Direct Drive Servo Press in 2012
- 2012 CHINA MACHINE TOOL INDUSTRY – Gold Supplier Award
- 2012 CMJ Machine-building & Metal-working Awards

Customer Testimonials – American Region

Ron Lowry
President

"The Technology has proven to be second-to-none. With the addition of the SEYI servo, we're stretching our minds and capabilities to reach new customers and markets. It's an exciting piece of machinery that motivates the engineers and designers across our six U.S. manufacturing facilities, and heightens their competitive spirit."

Glen Schwerdtfeger
Chairman

"Taiwanese's product and service better than US, especially good quality of the machine."

Oscar Camarillo
Director of Advanced Manufacturing

"Mabe saw in SEYI a company with global reach, and also with local support, which are two important assets if we are to reach our goals. They have demonstrated world class manufacturing processes, award winning engineering designs, and a business culture that supports high return-on-investment for its customers by understanding global needs - and industry challenges."

Francisco Marins Palacio
President

"Since 1997 SEYI is of the most important press machines and accessories supplier of Mardel. During these 25 years of partnership with them, Mardel have imported over 50 press machines from 110 till 400 tons of capacity. SEYI machines are very reliable, strong and efficient which becomes our journey of success much easier and with great future."

Customer Testimonials – American Region

Bruce Walker
President

Walker Corporation, Ontario, CA. has served many different industries with a variety of products and services for over the past five decades. “We are a Tier 1 supplier to Toyota (North America). We have a lot of Tier 1 customers that serve Toyota and other domestic auto makers, Initially we bought a total of 8 SEYI’s presses which included SN2 and SAG Series: for their value”

Joe Hunt
Plant Manager

Richland Manufacturing

Richland Manufacturing, located in Olney, Illinois, supplies small stamping and nut-welded parts to the automotive industry. Customers include Mitsubishi Motors North America, Honda, Toyota, Nissan, Lexus, Ford, Chrysler ,GM 1st Tier manufacturers. Richland Manufacturing went on-line with a SEYI SAG 330 two point, straight side press. “One of the things I felt from the beginning of our discussions with SEYI was that they were so willing to work with us on whatever we wanted,”

Barry Buchanan
Director of Manufacturing and Operations

Founded in 1966, First Company began as an independent source of fan coils to the rapidly growing HVAC industry which include hot water heaters, ceiling fan coils, access panels, cabinet wrappers, drain pans and blower housings, among other things. SEYI presses have helped the company to increase production while maintaining lead times. Buchanan attributes that to the speed and durability of the presses.

Customer Testimonials – Asian Region

The slide features a background map of Asia, with each testimonial highlighted by a callout line originating from a specific location on the map.

Kazumasa Tanaka
Ftech inc.

„We are very satisfied with SEYI's reliability.“

Zhang Jie
Chairman
EVA 億和控股

“SEYI, a leading company in the industry, has made great achievements with innovation, energy and passion. Adhering to the tenet of Efficiency First & Customer First, SEYI always emphasizes product quality and keeps achieving outstanding results regardless of market environment, to provide the development of the company with a strong guarantee.”

Soranat Ratchakam
Plant Manager
Yamato NYC Co., Ltd.

“After using SEYI's product, our productivity is increase double and also reduce waste time minutes in the same time. The outstanding factor of this machine is firstly the easy functional control and also reliable stamping force.”

N. Sivakumar
Manager
Brakes India Limited

“We thank SEYI for their quality products supplied to Brakes India Limited and for their highly satisfied service till now.”

Thank you
for your kind attention.
We hope to cooperate together
for a better future!
